A number of citizens of Williamston township have employed Mr. H. G. Scudday to litigate the subscription made by that township to the Carolina, Cumberland Gap & Chicago Railroad Company. The Plume Drill of the Palmetto Riflemen in the Court House on last Thursday evening was witnessed by a large audience of ladies and gentlemen. Capt. M. L. Bonham, of the Abbeville Rifles, Capt. C. H. Sloan, of the Greenville Guards, and Maj, P. K. McCully, of Gen. Humphreys' staff, acted as judges of the Drill. After a sharp and spirited contest of more than an hour, the judges decided that Mr. James M. Cathcart was the successful competitor, and accordingly Capt. Bonham, in a few approriate remarks, awarded him the Plume which had been offered by the Company as a prize for the best drilled man. All the members of the Company acquitted themselves very creditably indeed, and evinced considerable proficiency in the manual of arms. The Anderson Building and Loan Association

On Tuesday, the 24th of April, it was determined to attempt the organization of a Building and Loan Association for the city of Anderson, and a temporary meeting was called in the office of Messrs. Murray, Breazeale & Murray on Wednesday after noon, at which a few gentlemen were present. Hon. J. S. Murray was called to the chair, and Mr. J. D. Maxwell requested to act as Secretary.

Col. E. B. Murray was requested to ex plain the object and plan of operating the Association to be formed, after which it was resolved to form a Building and Loan Asociation, with a capital stock of not less than fifty thousand nor more than two hundred thousand dollars.

A committee, consisting of Messrs. J. D. Maxwell, P. K. McCully, J. L. Farmer, D. S. Maxwell and T. C. Ligon, to which Messrs. A. B. Towers, W. H. Nardin and J. S. Murray were subsequently added, was appointed to solicit subscriptions to the capital stock. This committee, in one day, raised \$55,000, which has been increased up to date to \$75,000, with a fair prospect of reaching \$100,000.

It was agreed to take subscriptions in shares of one hundred dollars each, and not to receive any subscriptions after the permanent organization of the Company.

Messrs. J. D. Maxwell, P. K. McCully and J. L. Farmer were appointed a com mittee to advertise for the charter, and Messrs, J. S. Murray, W. W. Humphreys, E. B. Murray, P. K. McCully, J. D. Maxwell and J. L. Farmer were appointed a committee to prepare the charter, constitution, by-laws, &c., for the Company. Mesers, G. F. Tolly, W. F. Barr and J. D. Maxwell were appointed to get up estimates for the necessary printing, stationery, &c.

The Company is assured, and will go into operation as soon as a charter can be obtained. It will add greatly to the prosperity of our city, and will doubtless induce the organization of joint stock companies

Woman-Kope for Suffering Woman-Something New Under the Sun.

Something New Under the SunBy reason of her peculiar relations, and her peculiar ailments, woman has been compelled to suffer, not only her own ills, but those arising from the want of knowledge, or of consideration on the part of those with whom she stands connected in the social organization. The frequent and distressing irregularities peculiar to her sex have thus been aggravated to a degree which no language can express. In the mansions of the rich and the hovel of the poor alike, woman has been the patient victim of ills unknown to man, and which none but she could endure—and without a remedy. But now the hour of her redemption has come She need not suffer longer, when she can find relief in Dr. J. Bradfield's Female Regulator. "Woman's Best Friend." Prepared by Dr. J.
